## **Monthly Police Report**

### **Major Incidents**

**07/17** – Officers were called to an address on E. Kezee, in reference to a deceased person. By all appearances it is believed that the death was from natural causes.

### **Notable Information**

Officers responded to two different accidents during the month of July that were directly caused by lack of signage. The first occurred on Wharton Street at Magnolia Street. There are no stop/yield signs at this intersection, and one of the drivers was from out of town.

The second accident was at State Highway 6 and W. Mitchell Street. The operator of a semi attempted to make a turn onto W. Mitchell. The driver of the truck struck two (2) parked vehicles.

Updated information on the runaway juvenile: The juvenile, which ran away from home on May 27<sup>th</sup>, was located by Bryan Police Department. The juvenile was taken to the hospital for medical evaluation, and then taken to the Brazos County Juvenile Detention Center. Officers later transported the juvenile from the juvenile center to the juvenile's residence, where officers were met by Child Protective Services. The mother of the juvenile advised that the juvenile was not welcome back in the home. Officers remained on scene while Child Protective Services worked to find a suitable place for the child to stay.

Once Child Protective Services located a suitable placement for the juvenile, CPS released officers from the scene. Approximately 5 to 10 minutes after officers were released, the juvenile ran away again. Officers returned to the scene, and searched for the juvenile. The juvenile was again entered into the state system as a runaway, when it was apparent that the juvenile would not be located.

It is important to note the following agencies, who have been and are still involved in this case:

- Calvert Police Department
- Brazos County Sheriff's Department

## **SHORT TERM LEASE OF BUILDING NEXT TO CITY HALL**

- Leasing to Becky Muehlstein for 5 month period September 1 – January 31.
- Leasee to cover water and electric bills for the 5 month period. Leasee to remit 15% of sales to City for the 5 month period.
- Leasee to clean up building and leave clean/clean out at period end.
- This is a temporary pop-up shop to complement the planned Christmas Extravaganza in Virginia Field Park, Chamber of Commerce homes tour, and Calvert Downtown Productions Trade Days.
- The City currently earns no revenue on this building. No cost will be incurred by City during this short window and City will have the benefit of the 15% sales and a clean building.

## Benefits of a Disc Golf Course

### Social.

- Friends can get together to play
- Families can come together and play a very inviting sport
- Creation of a disc golf club will help draw more people together to play weekly
- A 9 hole course can service upwards of 50 people at a time
  - As opposed to other more costly alternatives
  - Basketball: 10 ppl, Playground: 6-12 kids ect.

### Economic

- Gives people passing through on highway 6 another reason to stop in Calvert
- Helps draw in more people to the quaint B&Bs
  - Disc golf is now a sport people travel all over the country just to play
- A simple 9 hole course, fully installed is only \$8,000
- After a person has the discs to play, most courses are free and open to the public

### Health

- Townspeople being more active
  - On average a player walks over a mile for a round of disc golf
- Being outside and being active is wonderful for mental and physical health

### Park usage

- Using an existing park to the fullest potential
  - Land given to be used as a park would actually be used more frequently
  - The most cost efficient park amenity
- Crime watch
  - With disc golf, there is a constant turnover of people playing which deters poor behavior
- Upkeep is essentially non-existent
  - Using an existing park that is already being mowed means nothing changes
- A well thought out 9 hole course is great for beginners and experts alike

Since the pandemic disc golf has grown at a never before seen rate, and most of those players are still playing and introducing others to the sport!

### Some numbers:

- On average, 5.28 courses are built every day
- There are estimated to be over 15,000 courses globally
- Over 70% of all disc courses were built in the last ten years
- There are disc golf courses in over 80 countries worldwide

## Benefits of a Disc Golf Course

PDGA Membership, Courses and Events

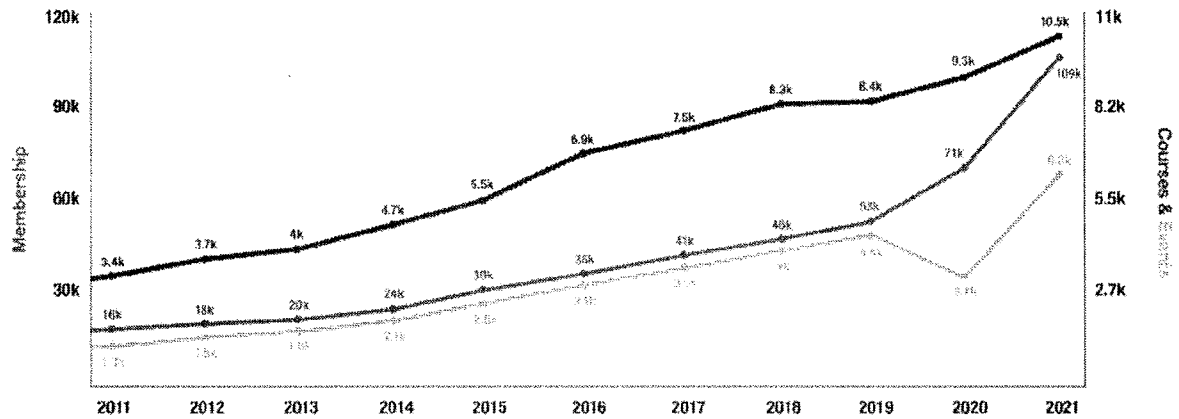

Figure 8: Combined Growth (please note there are two scales) ■ Members ■ Courses ■ Events

While not every person that plays disc golf is a PDGA member, this chart gives us a very good indicator of the growth since the pandemic. As more and more people begin to play we need more and more courses for those players to play on.
